[Executive Summary](#)

[Charts](#)

The Excel files here hold data and versions of the charts from the main report. In each file, labelled to indicate to which part of the main report it refers, there are both charts and the data used to create them.

Statistical Annex

The Excel files here hold descriptive data that was drawn on by the Panel in the construction and writing of the main report. All descriptive tables and figures for charts in chapters 3 to 9 were sourced from this information. Each file contains splits by a number of the main strands of the report, gender, age, disability, region, etc. Not all splits are available for all outcomes; where this occurs, it is explained in the main report. More information on data sources can be found in Appendix 13. In each of the downloads below, * (an asterisk) appears in the tables where the sample sizes of the splits by characteristic(s) result in groups that are too small to allow accurate reporting.

[Education](#)

These files were sourced from either Department for Children, Schools and Families (for England), the Scottish Government, the Welsh Assembly or the Department of Education (for Northern Ireland). In the case of England, Wales and Northern Ireland KS2 refers to Key stage 2 descriptives, KS4 to Key stage 4 and KS5 to Key Stage 5. For Scotland S4 refers to Secondary 4, S6 to Secondary 6. HiQ refers to Highest Qualifications of the adult population, Basic_Skills to the basic skills levels of the population. Please see main report for details, in particular chapters 2, 3, 9 and 10.

[Employment](#)

These files were produced by the National Equality Panel Secretariat from the Labour Force Survey. Please see main report for details, in particular chapters 2, 4, 9 and 10.

[Earnings](#)

These files were produced by the National Equality Panel Secretariat from the Labour Force Survey. Please see main report for details, in particular chapters 2, 5, 9 and 10.
